

HYDRO-MAXX

Wetting agent that can mix with all FERTI-MAXX products and / or fertilizer blends

- Reduces water usage up to 30%
- Reduces nutrient and chemical requirements and maintains clean drip emitters
- Frees calcium allowing nutrients to penetrate the full soil profile
- Provides consistent moisture penetration and reduces water runoff
- Use year round and as flush prior to rain

HYDRO-MAXX CC

Wetting agent that can mix with all FERTI-MAXX products and / or fertilizer blends

- All of the benefits of **HYDRO-MAXX** plus Complexing Carbon technology
- Complexes and chelates nutrients, more effective at reducing tie-up and fixation
- Increases nutrient availability of applied inputs and stimulates biological activity
- Ultimate bicarbonate and salt mitigation
- Use year round and as flush prior to rain

HYDRO-CLEANSE

Organic acid complex that frees nutrients, cleans drip emitters, opens up plugged systems, and keeps drip systems clean

- Reduces pH, loosens clay soils, buffers hard water
- Rapidly chelate soil nutrients
- The only acid compatible with all EZ-FLO injectors
- Use year round

MAXX-FLUSH

6-0-0

Mobilizes salt and adds soluble calcium to the soil

- Contains 6% Urea Nitrogen, 1% Humic Acid, 12% Calcium, with a penetrant
- Helps remove excessive salts, excellent for reclaimed water and clay soils
- Breaks up compacted soil for more efficient water penetration
- Use year round, do not tank mix with other products

MAXX PEST CONTROL

CRITTER-MAXX - CRITTER REPELLENT

Highly effective against moles, voles and gophers

- Repels pests, does not hurt them, and no foul smell
- Will not harm animals or landscapes
- Can be applied through drip or spray

MAXX-INSECT - INSECT & RABBIT REPELLENT

Broad spectrum insect repellent formulated to repel the most common pests

- Use for mosquitoes, fleas, ticks, and many more
- Effective against rabbits
- Will not harm animals or landscapes
- Can be applied through drip or spray
