REWARD YOURSELF.

Spend **\$10,000** in eligible* SiteOne purchases to unlock the ability to redeem your points.

*Does not include agency products, taxes or service fees.

FAQS

Who is eligible? Any landscape and construction industry professional, excluding resellers, government/municipal agencies, national accounts and homeowner/retail. [Note: Golf professionals are not eligible for SiteOne Reward Trips and certain business solutions.]

When do I start earning? You begin earning as soon as you sign up. You also get credit for all previous eligible purchases made that calendar year, starting January 1.

How do I redeem points for SiteOne Events & Training? SiteOne curates custom and unforgettable experiences and educational opportunities that are offered to Partners Program members in certain regions. If you have enough points to qualify, you will be emailed an invitation to register. A list of SiteOne University events and other events is available at SiteOne.ca/siteone-events. Points are deducted once online registration is complete.

What do the types of points in my account mean?

PENDING POINTS Points for unpaid invoices or points earned before you have reached the \$10,000 minimum spend threshold. Once you pay your balance in full, or reach the spend threshold, these points are added to your Available Points and Total Available Points balances.

AVAILABLE POINTS Points you have earned this year that are eligible to redeem now. If you do not use these points in the current calendar year, they will roll over and expire on December 31 of the following year.

EXPIRING POINTS Points you must use by December 31 of the current calendar year.

TOTAL AVAILABLE POINTS The combined balance of Available Points and Expiring Points. When redeeming, your Expiring Points are automatically deducted first.

Do points expire? Once earned, points expire on December 31 of the following calendar year.

How do I check my balance, redeem points, and check my order history? Sign in at SiteOne.ca. If you are signing in for the first time, you must first request an account. Click "My Account" and then click the link beside Redeem Your Points to access the online redemption portal found in your Partners Program summary box. You must be provisioned as an administrator. For security, only one user per company may access the redemption portal. To access the portal and redeem points, your SiteOne account balance must be in good credit standing. Once in the portal, you can redeem points for rewards and check your order history. You may have the option to use a credit card to "buy up" to offset the cost of your dream reward.
